The 1991-92 school year brought many changes to our district and to our students as well.

Mr. Bowen retired on March 2, 1991 after 23 years of leadership. Dr. McGee replaced him for the last seventy days of school. He resigned during the summer. Mr. Jim Rich took Dr. McGee's place and is still with us.

Over the summer Mr. Parrish resigned his social studies teaching position, but retained his coaching responsibilities.

Innovative changes would occur in our class schedules. A fifteen minute activity period started our day at 8:15 a.m. Classes would be over at 3:14 p.m. Some of us grumbled about the change and some liked it.

"Money isn't everything" its true, but it is

certainly necessary to keep a school district functioning. Voters in this community passed two referenda in November. One was for the Operation and Maintenance fund and one was for the Education fund.

Standards for honor role changed too. Any student who receives a D or lower will not be allowed to be on the honor roll.

The Pom Pon squad was eliminated for lack of participation by students. However, the volleyball team and the basketball team had winning seasons.

We all spent so many hours here that it became our home away from home.

NEWSMAKERS IN 1991. Wars raged around the world. The vast empire of the U.S.S.R. collapsed. The U.S. experienced a recession that wouldn't go away.

In the world of science, a 4,600 year old man was found in the Italian Alps, and eight persons in color-coordinated jumpsuits planned to spend two years in a biosphere in Arizona.

In sports, the Chicago Bulls won the N.B.A. world championship, the New York Giants won the Super Bowl, and the Minnesota Twins won the World Series. Magic Johnson reported to the press that he had Aids and was retiring from his basketball career with the Los Angeles Lakers.

In the area of food, McDonald's McLean burger made the best news in

the fast food industry. Exotic fish and designer vinegars were big news.

At the movies, "Bugsy" and "Beauty and the Beast" were hits. In television, the Clarence Thomas/Anita Hill hearings were popular. Other popular shows were Coach, Thirtysomething, Cheers, and 60 Minutes. Ted Turner was Time magazines Man of the Year for his production of CNN news.

At the state level, Jim Edgar was elected governor of Illinois. The state itself experienced great financial difficulties.

Home To Stay Freshmen

The freshmen class started the year ready and willing to accept new challenges. They held a bake sale in the fall. In the winter, they sponsored cake raffles at the basket-

ball games. The freshman were involved in many extra-curricular activities such as football, basketball, volleyball, and cheerleading.

Juniors

Homework

Financial matters were on the Juniors' agenda. Prom had to be paid for, and they were very much aware that the senior trip had to be paid for in two years. Fall found them busy selling magazines and organizing bake sales.

The class was not too busy, though, to assume a leadership role in lifesav-

ers. The class as a whole was very much involved in school activities. Many held part-time jobs and still took the time to participate in volleyball, basketball, cheerleading, homecoming and prom. They were a close knit class who *usually* enjoyed their "other" home here at D-W.

There's a powerful phrase that goes "of all the words of tongue or pen, the saddest are these 'it could have been' ". We were 4-4 during the Clinton Holiday Tournament and I remember thinking about that phrase to myself because I knew this team was capable of so much more. Individual team members must have had similar thoughts because they picked themselves up and "seized the day" winning 16 of our next 17 ballgames including 14 in a row. These young men established themselves by posting the best season this school has seen in more than a decade. I'm proud of all of them. Coach Parrish

ONE LAST GLANCE AT our home away from home. Many of the students participated in activities, which caused them to spend more time here than they did at home. We're a seventy-plus member family. We shared classes, studyhalls, and our lunch hours together. We also shared many extra-curricular activities such as football, basketball, Prom, and Homecoming. We will always have our memories of this great year at our "Home Sweet Home."
